Annual Checklist for Paleoanthropology Program Ph.D. Graduate Students
and their Advisors

This form is to be completed annually. In the first year, it is suggested that the student meet with an advisor in the second semester to fill out this checklist. After the meeting, the student should make a copy for the advisor and turn in the original to the office. Thereafter the student should meet with his/her advisor in the second semester of every year to complete this checklist. After the first year, the student should bring an unofficial transcript to the meeting in which this list is completed. After the meeting, the student should make a copy for the advisor and another should be turned in to the office. The Advisory Committee should be formed and meet in the second year, and participate in advising the student. Use the checklist on the back to track progress toward fulfillment of requirements.

Student’s Name ___________________________________________ Student ID __________

Major / Advisor: __________________________________________ Date __________

PhD Candidacy: 60 total hours
PhD Degree: 90 total hours

Hrs Transferred: _______ Hrs Completed _______ GPA _______ Incompletes _______

Current Courses:
_______________________________________   __________________________________
_______________________________________   __________________________________

Courses Recommended for the Following Semester:
_______________________________________   __________________________________
_______________________________________   __________________________________

Other recommendations from the committee relevant to professional development:

The student, advisor and committee should discuss the following points as relevant to the student's progress:

What is your likely research interest? __________________________________________

Has your advisory committee been named? __________________________________________

Has your advisory committee met? __________________________________________

Have you reviewed the outside minor requirements with your outside minor advisor? _________

Has a proposal been approved by the Advisory Committee? ___________________________

When do you anticipate that the Qualifying Exam will be attempted? ___________________

Research Committee Form: After the Qualifying Exam the student must obtain the signatures of the Research Committee on the appropriate form and submit it to the office.
